

SEEN, HEARD AND TOLD

By W. W. WHITAKER
When he feels like it.

This week we are starting a second series of "Farm of the Week" pictures. If your farm comes up again, in this new series, you can get a finished photograph by dropping by the GCW office and claiming it. Please, if your home appears, come on in that day, so that we can get a story to follow up, telling about your place, for the next issue.

Mabel who is the farmer of the family, went to Oxberry Saturday and reported a good rain had come there.

Ellett Lawrence says that Greenwood has nothing like the J. L. Townes place in Grenada.

Ellett Lawrence has just about taken over our little 8 year old granddaughter, Andrea. She visited him and Bess last Friday.

Miss Bird Sharp brought me a big glass full of boiled custard and whipped cream and it was as good as I ever ate. Low in sugar, too.

Andrew and I were talking about Mrs. Graham of Mosquito Lake, having a "soda cracker job". It was in July and August and she was off-bearing green sweet gum blocks from a ground hog saw mill. She had a real soda cracker job. Mabel as a nurse, had a harder job than Mrs. Graham and has lived up to it pretty good.

We continue to talk about Mrs. Graham. We decided Mrs. Graham's labor was due to fear and Mabel's due to love.

The family, consisting of Andrew, Whyte Jr. and Mabel took me out to the dam Sunday morning, and we stopped at Raymond Collins for a Coca Cola.

While out Sunday we say Dr. and Mrs. Frank Hill; also Dr. James, who was riding his horse.

Tommy Darras came by to see me Sunday afternoon.

Thanks to Margaret Moody Bradley for a delicious pie for Sunday night supper. Folks have been so good to me. Thanks to Enoc Goldford for one of his homegrown pheasants. I had roast pheasant breast for dinner and supper Sunday.

Congratulations to the City of Grenada for its new white sprinkler. Wonder what they will think of next.

I guess J. H. Horn Sr. has a harder spirit than I.

We've been running practically a Bailey Bros. Laundry here at our house.

A. G. Donley, my colored friend, came to see me Saturday and brought good wishes and a dozen fresh eggs.

We are slow about getting to it, but thanks to Jewell and Dr. DeMarco, of Memphis for lovely red roses and white snap dragons. They were lovely.

Saturday afternoon Mrs. Ed Underwood sent me a beautiful bouquet of red roses from her own flower garden by my good friend Ed Underwood. They helped me a heap.

Memorial services will be held at the Bethel Baptist Church in Oxberry community Friday, May 27. Bring lunch and offering for upkeep of the cemetery, says Mrs. Luther Harris.

Mr. J. H. Ray Sr. and son Henry returned from Memphis Wednesday afternoon after attending the bedside of Mrs. Ray Sr. who underwent surgery on Tuesday at Baptist Hospital. She is reported as doing nicely.

Mr. H. L. Honeycutt, prominent Grenadian, underwent surgery at Baptist Hospital in Memphis on Wednesday.

We note with interest that 3 attractive small houses have been completed by Junius Townes on property facing Highway 51, also that the future home of Continental Bus Lines is nearing completion.

Foundation work is being laid for the future home of Mr. and Mrs. Dot Hayden in Holcomb. A deep well has been dug and before the end of Summer they will be enjoying their new home. Also at Holcomb, the lovely new blond brick home of Mr. and Mrs. William Holcomb is receiving finishing touches.

City And Lockett Lumber Co. Awarded Contracts

The State Building Commission has announced the letting of contracts and those of interest to Grenada and vicinity are as follows.

Lockett Lumber Co. of Grenada got the general contract for the Colonial type Lodge and 10 cabins at Hugh White Park at Grenada Lake, for \$140,960.00.

City Lumber Co. got the general contract at Carver Point Park for Negroes for \$55,000.

Boone L. P. Gas Co. bid in the Hugh White Park contract for \$2,355 and the Carver Point gas contract for \$845.00.

Another project in which a Grenada man was successful in making a low bid was Robert E. Ratliff, who put in an estimate of \$24,035.11, to install a gravel wall well at Whitfield State.

Mrs. Abigail Thomas Died Here Monday

Services for Mrs. Abigail Thomas, former Duck Hill resident who died Monday, May 16, 1955, were held at Duck Hill Baptist Church Tuesday afternoon. The Rev. J. M. Metts officiated. Burial was in the Duck Hill Cemetery, with Oliver Funeral Home in charge of arrangements.

Mrs. Thomas was born in Duck Hill in 1877. She was the former Abigail Taylor, daughter of the late G. R. and Winnie T. Taylor. She was married in 1904 to John Thomas, a farmer of the community. Mr. Thomas died in 1936.

Mrs. Thomas was an active member of Duck Hill Baptist Church before moving to Grenada seven years ago.

She leaves two daughters, Mrs. W. Z. Hyde and Mrs. R. J. Stoker of Grenada, a foster daughter, Mrs. W. H. Nored of Greenwood; four sons: Houston of Memphis, Noel of Clinton, La., Paul of Magee, and Jack Thomas of Jackson; and a brother, J. R. Taylor of Philadelphia, Miss. Pallbearers were, Jack Wilkins, John Leigh, Mike Wood, Ralph Moore, Jack Embry and John Swanson.

Lions Club To Have Banquet Thursday, May 26

Grenada Lions will hear Paul Potchin of Kinderhook, N. Y. speak at their Ladies Night Banquet at the City Hall on Thursday, May 26 at 7:30. Mr. Potchin is an International Director of Lions Clubs.

Another International Director to be present is Mr. Ray Black of Nettleton, Miss.

Congratulations to Lt. Lowrey G. Jones who graduated at Bryan AFB, Texas, May 16. He is the son of Mr. and Mrs. J. G. Jones of Grenada. His parents and sister, Fern, attended the ceremonies and Lt. Jones accompanied them home for a weeks visit.

Congratulations, also, to Bobby Vance, GHS senior who has received a principal appointment to NROTC, and will enroll at Ga. Tech in September.

GRENADA COUNTY "FARM OF THE WEEK"

Number 1 in a series

52

—This Series Sponsored by Jitney-Jungle, Grenada

If this is YOUR farm, you can get, without charge, a nicely mounted picture of the farm, but you must come to the Grenada County Weekly and identify it.

While you are in the GCW office, we hope to interview you and get a story, for subsequent publication, about this property and about your family.

If you need other photographs of the above, either the size shown, or larger, or on postal cards, the GCW can, and will arrange for them. A reasonable charge of course, will be made for these reproductions. Let us show you samples.

John E. Aldridge Seeks Re-Election As Dist. Atty.

District Attorney John E. Aldridge officially announces his candidacy for re-election.

A graduate of the University of Mississippi with both a Bachelor's and a Master's degree, John E. Aldridge has served in the Mississippi Legislature, being elected District Representative of Grenada and Montgomery Counties, and once State Senator of Carroll and Montgomery Counties. He was elected District Attorney in November, 1950.

A past State Department Commander of the Veterans of Foreign Wars, he is an active member of the American Legion Mason, Shriner, Woodmen of the World, and teacher of the Men's Bible Class at the First Baptist Church. He is married to the former Jean Butt of Vaiden. They have three sons.

He issues this statement in regard to his candidacy.

To the People of the Fifth Circuit Court District:

With genuine and heartfelt gratitude for your vote, confidence and support in the past and the splendid cooperation I have received from you during the four years I have been honored to serve as your District Attorney, I humbly seek an endorsement term at your hands.

I am proud of the record that has been made during this tenure in office. I have written over 1000 indictments that have been upheld, hundreds of instructions, and out of thirty cases appealed to the Mississippi Supreme Court in the seven Counties of this District, every case has been upheld. I have not missed a single day from court and have studied each case carefully and thoroughly that your business would be handled expeditiously and economically and without delay.

It takes no forecaster to tell you that we face critical and uncertain days. There is no substitute for experience, and the education, training and experience that I have had places me in a position to render you still greater efficiency the next four years.

I have always believed that a public office is a public trust and that a public official is merely a servant. (Continued to Back Page)

Proposed New Elementary School Building For Negro Pupils

Photo, Courtesy Sentinel-Star

Mayor R. A. Clanton and the Grenada Board of Councilmen will open sealed bids Friday, May 27 at 2:30 at City Hall for the sale of \$375,000 in bonds for the construction of elementary school facilities for Negroes and the stadium for community activity and school athletics.

Grenada Municipal School District Board of Trustees proposed the bond issue for construction of additional

school facilities for the Negro populace and a stadium to Council several months ago and the qualified voters approved the bond issue authorized by Council, with a wide majority thus clearing the way for the projects to become a realization.

The photo above shows the proposed new school building to be erected for the education of Negro students.

Two Separate Buildings
The building projects consists of two separate buildings. One, an elementary school building which will

have 20 classrooms a large projection room, an office and clinic.

The second building will consist of an auditorium and a cafeteria. The auditorium will be in the front part of the building and the cafeteria in the back. There will be complete facilities for each one of these and no necessity to use any part of the auditorium for cafeteria purposes nor any part of the cafeteria for auditorium use.

These two buildings are to be constructed in this manner in order to conserve space. There will be covered passages connecting the elementary school with both the auditorium and the cafeteria.

The buildings will be constructed of brick, will have fluorescent lighting, and will be heated by warm water radiators. Sufficient space is being reserved on the lot for the erection of a high school at some time in the future, School Trustees report.

E. L. Malfavney and Associates are the Architects.

Location Of Projects
The stadium will be constructed at the Fairgrounds on a 22-acre tract of land leased to the Board for 99 years.

The Negro Elementary School will be constructed on a 10-acre tract of land at the end of Telegraph Street, formerly owned by the State Highway Department.

Lamar Chamberlain Announces
New Auto Tire

A new tire, for which greatly improved mileage and safety performance is claimed, was announced here today by Lamar Chamberlain, agent of Standard Oil Company. Called the "Atlas Premium" this new tire is now available at Standard Oil service stations throughout the Grenada area.

"Standard Oil recognizes," said Mr. Chamberlain "that the ever-increasing horsepower of automobiles, coupled with the rapid growth of high-speed turnpikes throughout the South requires safer, longer-lasting tires than ever before, and the new Atlas Premium Tire with exclusive Viperene tread is the answer to this growing need."

Viperene, it was pointed out, is the first entirely new synthetic rubber development by private industry since World War II. It is reported to have improved resistance to abrasion up to 50 percent over the longest wearing tire treadstocks in use.

In recent tests conducted for Atlas Supply Company, test cars were driven at 100 miles an hour around a two-mile circular track. Only cars equipped with full sets of Atlas Premium Tires with this new Viperene treadstock completed 1000 miles without tire failure and the tires still had safe tread remaining at the end of run.

"Of course, we do not expect that motorists will drive that fast," said Mr. Chamberlain, "but we do consider that these tests are a significant measure of the extra safety and mileage built into Atlas Premium Tires, and is why Standard Oil guarantees them for two full years."

GRENADA COUNTY WELFARE
NEWS

(By Mrs. Margaret Goodwin)

Mrs. Margaret Goodwin, Grenada County Welfare Agent, and Mr. E. S. Baker, Manager of the Social Security District Office, jointly announced today that obtaining a social security account number card would not cause recipients of welfare benefits to stop receiving such benefits. Mrs. Goodwin said that the Welfare Department did not stop welfare checks simply because the individual who was receiving a check was earning credit toward social security benefits. There is, however, a limitation as to the amount of income a person may have and remain eligible for welfare assistance. The Welfare Department encourages all people to work at all times and earn as much as they can. Mr. Baker pointed out that the

Welfare Department and the Social Security Administration are completely separate. Mr. Baker, also, made it clear that a person was not barred from earning social security credits by being a welfare recipient. The social security earnings records are confidential. The Welfare Department, as well as others is, by law, absolutely forbidden the privilege of examining individual earnings records, so as to determine the amount of any individual's income. The Welfare Department verifies income from the worker's employer.

Every working person, including farm workers, should have a social security number and make sure that number is correctly recorded by his employer. Mr. Baker said. The best way to make sure you get the proper social security credits for the work you do is to see that your wages are reported under the correct account

number.

The address of the Greenwood, Mississippi Social Security Office is 219 W. Market Street. If you do not have a social security account number card, and you are working, or expect to be employed soon, you should contact that office so that one may be issued you.

Reconciliation

Lesson for May 22, 1955

THERE are only three possibilities when two persons or groups are lined up on opposite sides of a fence. It may be a family quarrel, a national crisis, a split in a church, a community fight. . . . Whatever be the cause, whatever the "fence" may be, there are really only three ways the two factions can be related to each other. One is the way of hostility. They can cut off all communication; they can refuse to hear each other; they can harp on past wrongs; they can open a shooting war. Another way is that of compromise. They can each agree to something neither of them wants, in order to keep the other one from getting what he does want. One side can yield to the other not because of any friendliness but only because of fear.

Dr. Foreman

Reconciliation
The trouble with both these ways is that either one of them leaves the two parties just where they were. Hostilities (cold or hot) harm both sides. Compromise for selfish reasons actually brings the parties no closer together; they will stay together only so long as selfishness dictates, and they will split apart at the next opportunity. There is a better way: the way of reconciliation. Apart from religion, it is doubtful whether true reconciliation ever takes place; for it can be fully done only in the spirit of repentance first of all, and is nourished and strengthened only through the joining of hearts in worship. This, by the way, is why Christian marriages hold together far better than marriages between people of little or no religion. Quarrels occur in most marriages sooner or later, Christian or not. The battle

of the sexes is one from which no family is free. But in a couple without religion, little quarrels grow to big ones, husband and wife either become enemies and go separate ways, or stay together only for the sake of appearances, or the money, —not because of love. Without religion repentance is rare. It is only in the family with a common faith that reconciliation is possible. When the day's end comes and it is time for prayers.

It Has Worked

Reconciliation is not a theory; it is a fact. It has actually worked. The Hebrew Book of Chronicle tells of King Hezekiah's experience with his neighbors to the north of him. They had been citizens of a seceding group, no doubt inheriting much of the bitterness that always underlies secession at any time or place in history. To their inherited prejudices against the Kingdom of Judah from which their forefathers had revolted, there was added the sting of poverty and defeat; for the seceding kingdom of Israel had finally gone down in weakness to a final smash-up. The left-behind citizens must have been an embittered lot. But King Hezekiah sent invitations to all these people, recently his enemies, to come up to the Temple and join in the great Passover festival. Men once enemies were drawn together in a common confession of sin, and in a united worship of their one God. In this spirit broken churches have come together again, in this spirit broken homes have been mended, northerners and southerners in the United States have forgotten their grandfathers' quarrels. It was in this spirit that in 1948, coming out of nations that only three short years before had been at violent war, Christian churches around the world came together for the first time in the World Council of Churches,—born of repentance, cradled in worship.

Never 100 Per Cent
It never works 100%. There were unreconciled Israelites who did not come to the Passover; there are Irishmen today who have never forgotten Cromwell, southerners who cannot forget Sherman, bitterly proud churchmen who refuse to be reconciled with any church but their own. When we attempt reconciliation with others, we may not always succeed. But which is better, to try God's way—for reconciliation is the way he has shown us—even if we do not always succeed, or not to try at all, and end in a dark wilderness of bitter isolation?

Hottest news in Hardtops is the 4-Door Riviera

Why take anything less than the sensation of the year?

WHEN you learn what's been done in the automobile pictured here, you can easily see why this beauty is winning rave notices coast to coast.

Buick engineers took the hardtop body design that has been growing tremendously in popularity over the past six years—and gave it four doors instead of two.

Simple? Sure—to all outward appearances.

But it took a brand-new kind of body with wholly new structural principles to do it—to bring this long-awaited new kind of automobile to the public in volume numbers and at popular prices.

For this is a true hardtop—with the sleek and racy look of a Convertible, because there are no center posts in the window areas on either side.

And now it has front doors for the front-seat passengers—and rear doors for the rear-seat passengers—plus room increased to the size of a full Sedan.

(It took some special kind of engineering magic, you can be sure, to hinge all four doors at their forward edges for greater safety, and more ease of entering and exiting.)

HOTTEST NEWS IN AUTOMATIC DRIVES IS VARIABLE PITCH DYNAFLOW

It's the world's first transmission with the switch-over principle of the modern Dynaflo's variable pitch planetary. You get better gas mileage in cruising, you switch the pitch just by pressing the gas pedal—no get lightning-like response for getway, or for a sudden safety-surge of accelerating power. It's the performance thrill of the year. Standard on ROADMASTER, optional on other Buicks. Sold at no extra cost. More early versions of this wonder drive.

So it looks like Buick has scooped the industry again—and come up with the hottest news in hardtops since Buick originated the first two-door hardtop six years ago.

And you can have it now—in the low-price SPECIAL or the supremely-powered CENTURY—and either one at the modest extra cost of a 4-door model over a 2-door.

Drop in on us today—this week, for sure—and see how easily and how quickly one can be yours.

Local Delivered Price of the 1955 Buick SPECIAL

2-Door, 6-Passenger Sedan, Model 48 (illustrated) is **\$2485.00**
Optional equipment, accessories, state and local taxes, if any, additional. Prices may vary slightly in adjoining communities. Even the factory-installed extras you may want are bargains, such as: Heater & Defroster—\$81.70; Radio & Antenna—\$92.50.

To Speak At Methodist Church Saturday, May 28

Dr. Glenn Clark, author, publisher

world traveler, and spiritual leader, will be one of the feature speakers and leaders in the one day Prayer Life Mission, First Methodist Church, Grenada, May 28, Saturday. This will be the first Anniversary of the first Prayer Life Mission held in America. It was on Friday, May 28, 1954, that over 600 people representing eighty different churches and seven denominations met at First Methodist Church for an experimental Prayer Life Mission. Since that day, similar Mission have been held all over the United States and requests for such Missions from beyond the borders of this country. Dr. Clark is regarded as one of the greatest spiritual leaders in the world today. In the winter of 1954 together with Rev. and Mrs. Roland Brown, he made a circuit of the globe in the interest of building a Belt of Prayer around the earth. Dr. Clark's book, "On Wings of Prayer", gives the story of that journey and convincing formula for making peace a reality. He is the author of more than thirty books and booklets.

Mrs. Mary Welch Henderson, Texas, who has gained national and international recognition for her work in the field of Spiritual Life enrichment will also be one of the Leaders in the Prayer Life Mission. Mrs. Welch will also conduct a three School Of Prayer in First Methodist Church, Grenada, Wednesday, Thursday and Friday preceding the Prayer Life Mission. No registration is needed for the Prayer Life Mission. Registration for the School of Prayer can be made through Rev. F. A. Sutphin, First Methodist Church, Grenada. The only cost is \$1.00 registration with each person arranging his own entertainment at a local hotel or motel. May 25, 26, 27, and 28th., can be the greatest day spiritually in the history of North Mississippi.

Dr. T. A. Carruth, Director of the Prayer Life Movement, General Board of Evangelism of the Methodist Church, will direct the Mission.

Senior Class Day Plans

On Monday afternoon, May 23 at 5:00 p. m. the 1954-55 GHS Seniors will present their annual Class Day program.

This program is student-planned, student-directed, and only students will participate. It has been developed around one original theme which will be carried out throughout the entire program. The program is as follows:

Welcome, Richard Forbes; History, Alma Dubard; "I Got Shoes", The Shoe Lovers; Last Will and Testament, Cary Waldrop; Prophecy, Nell Rose Bain; "The Little Shoemaker", the

Shoe Showers; Gitter, Sam Caruthers; Presentation of Peace Pipe, Richard Forbes and James Gray; Presentation of Awards, Mr. Powell; "Alma Mater", Senior Class.

The program will be held in the High School Auditorium and the public is cordially invited. It promises to be one of the most colorful and entertaining school programs of the year.

Local Backers Met With Ross Barnett Here Tuesday

An enthusiastic group gathered Tuesday night at 7:30 in the City Hall from which a Ross Barnett Committee for Grenada County was organized.

and with the avowed purpose of carrying the county into a decisive win column in the coming gubernatorial race.

Ross Barnett was introduced by Rodney Defenbaugh who told of his close first-hand knowledge of Mr. Barnett as well as his general reputation in Jackson where people knew him well. Known as a Christian gentleman in Jackson, he is also known for his leadership qualities as well as ability in his profession, Mr. Defenbaugh said. In fact, Mr. Defenbaugh added, these qualities are now known state-wide and from them as a foundation Mississippi will have the type of man in charge of its affairs for the next four years who is worthy of the responsibility if he is elected.

Mr. Barnett spoke briefly of his background which started in Leake County going on to the last governor's race wherein he polled 128 out of the 131 votes in his precinct. He outlined gains and experience from his former race, in which but 2,500 votes would have placed him in the run-off, which will put him out in front in the present campaign.

He stressed the fact he wanted the job and was working for it now as well as for the past several years in that anyone who asked him to do anything within the state received quick

and willing acceptance. He further said that not only was he working for the office now, but if he was elected to the office he would work as diligently there for the people of Mississippi as any governor in history. In fact, he solemnly dedicated his life to state service in the interest of all the people, in overalls or paten leathers, and his office door would always be open to anyone, but closed to selfish or special interests.

Mr. Barnett concluded his remarks with the information that his opening rally would be held in his home town of Carthage on May 28th and everyone was invited. At that time his platform would be announced, he concluded, which was the most constructive this state had ever had the privilege of voting upon.

With additions coming later, Mr. Boone, Chairman, said the present Barnett for Governor Committee for Grenada County included:

Rogers Burt, G. N. Patterson, Mitchell Lundy, Mr. and Mrs. Jerome Aldridge, Mr. and Mrs. T. M. Ellard, G. E. Thomas, Leon Provine, Thurman Oliver, Womack E. Smith Sr., W. E. Smith Jr., R. J. Nail, W. J. Costlow, Jack Dyre, A. M. Bell, Mr. L. D. Boone, Mrs. Rodney Defenbaugh, J. C. Staten, Mr. and Mrs. J. P. White, J. A. Herbert, M. C. Mitchell and Douglas Bates.

WHY

SOUTHERN BELL CANNOT SURRENDER TO AN ARBITRATOR ITS RESPONSIBILITY FOR A VITAL PUBLIC SERVICE

For weeks now, officials of the CWA Union have been maneuvering to get the issues in the telephone strike turned over to an arbitrator for settlement.

There should be no misunderstanding about what this kind of settlement would mean.

It would mean that a third party would be called in to write a whole new Union-Management contract—a contract that involves every aspect of this business.

His decisions would be final and Southern Bell would be committed in advance to accept them regardless of their effect on the cost and quality of telephone service—on the job security and job opportunities of telephone employees.

We are not willing to subject this vital public service to so grave a risk.

In the telephone strike, arbitration of the whole dispute, undoubtedly, would create more problems than it would solve.

Properly applied, arbitration is often a useful tool

It has had an important place in our relations with the Union for many years. In current bargaining, we have offered to expand its use as a means of settling DIFFERENCES THAT ARISE UNDER THE NEW CONTRACT ONCE IT IS SIGNED.

In fact, practically EVERY provision of the new contract proposed by the Company is subject to arbitration.

Let there be no misunderstanding then about Southern Bell's position on the PRINCIPLE of arbitration.

On the other hand, arbitration can be taken to extremes. When it is proposed, for instance, as a means for settling fundamental company policy matters—such as a whole new labor contract—it undermines the effective management of the business. It also invites serious risks that could do great harm to the financial integrity of the business.

The basic principle involved is that Southern Bell, which is charged with the sole responsibility for telephone communications in the area it serves, cannot surrender that responsibility to others.

Our obligation for service UNDER THE LAW cannot be delegated.

In the telephone strike, arbitration would be just another form of compromise. The real issue at stake is the no-strike clause to assure continuous service to the public while the new contract is in effect. CERTAINLY THE PUBLIC'S RIGHT TO CONTINUOUS SERVICE SHOULD NOT BE SUBJECT TO COMPROMISE.

Three quarters of century of service to the South

Southern Bell has been privileged to serve the South for 75 years. It does not take lightly its responsibility for providing this necessary service.

The Company pays good wages and in current bargaining has offered to make them better. The telephone pension and benefit plan long has been a model for other companies. It has been in effect since 1913.

Working conditions are second to none in all industry. We have offered many improvements in our labor contract and have accepted many Union proposals.

Including all the changes we have proposed, the cost of providing telephone service would be increased by more than \$7,000,000 a year under the new contract.

We are willing to guarantee these wages and working conditions. In return, all we ask of Union leaders is that they accept their responsibility for agreeing to protect the public against quickie strikes FOR THE LIFE OF THE CONTRACT.

This they refuse to do on any reasonable basis. They say in effect, "We will take all you have offered and then we want an arbitrator to come in and decide how much more we can get. It is this attitude that is prolonging the strike.

HOME AGENT NOTES

Garden Insects

Do you get the best out of your garden insect dusts? Most chewing insects can be controlled with a 5 percent methoxychlor dust. Is this what you use?

In many cases home gardeners buy a 50 percent methoxychlor wettable powder. If you are one of the many that do, and you apply it undiluted as a dust, then you are losing money.

A 5 percent dust is recommended. It will do the job. Here is how to make a 5 percent dust from the 50 percent wettable powder. Mix 1 cupful of the 50 percent wettable methoxychlor with 9 cupfuls of flour. You can do this by putting the mixture in a paper bag and shaking it up, or you can stir it thoroughly with a spoon.

Then make a safety label for the package. Paste this label on the container so that you will always know what is in it and won't mistake it for flour. The label should read: "5 PERCENT METHOXYCHLOR GARDEN DUST."

If you own a 3-gallon sprayer, use the 50 percent wettable powder to make your mixture. For this you should thoroughly mix one-half cupful of the 50 percent wettable methoxychlor with 3 gallons of water. This makes a 5 percent spray.

Try Rice

For fish, fowl or any other kind of meat for casseroles, soups and stuffings, and in desserts, rice is hard to beat.

The U. S. Department of Agriculture reports that rice stands among the top of the plentiful foods at your market now. Serve rice often. It is plentiful and economical.

Cut Flowers

Always cut flowers late in the afternoon, after they have had a full day of sun. Place the flowers in a deep bucket or a hard bucket is good for this, and fill with lukewarm water right up to the heads of the flowers.

Then place the container in the refrigerator until it has frosted on the sides. Remove it and keep in a cool place until you are ready to arrange the flowers.

range the flowers.

In arranging flowers, always include a few buds with the full blooms. This gives the arrangement a more "natural" look. Don't crowd the blooms in the container. Avoid an "even balance." Always place flowers at different levels or zones - lighter colored flowers or smaller blooms with long stems should be toward the upper and outer edges of the arrangement.

Cotton Fabrics

Resin-finished cotton fabrics now on the market offer improved crease resistance, less shrinkage, less fraying of edges and less wrinkling from handling and laundering.

The resin-finished cottons also iron more smoothly and easily than other fabrics. However, there is a gradual loss of the resin finish as a result of laundering. This loss varies from 7 percent in some fabrics to 25 percent in others.

Fable and Fancy

The pseudoscientific has always been more attractive than reality. Not too many years ago, the weapons of fable and fancy alone supported man in his conflict against disease. Today, however, a far more powerful ally for longer life is found in the research laboratories of medical science.

HOME ECONOMIST

MISSISSIPPI POWER & LIGHT COMPANY

Frozen Assets

When trying to describe the benefits of a home freezer it is actually hard to over do. Any woman who owns a freezer will testify to the freezer's ability to make meal planning and preparation easy, economical, and enjoyable.

More than any other appliance the freezer adapts itself to individual needs and conditions. Just listen to a group of freezer owners discussing the freezer and you can readily see that each has adapted the freezer to her own situation.

There's the woman who is limited on her food budget (who isn't these days). Her freezer gives her the opportunity to buy foods when a bargain presents itself. Also she may buy in quantity which in its own way is

more economical.

There is the career - woman - home maker who constantly faces the problems imposed by time. What a blessing her freezer can be! She can set aside a Saturday or one evening a week to prepare foods for the week ahead. Cakes, breads, pastries, soups, stews, casserole dishes, complete meals there is no end to the list of foods she can prepare ahead.

The woman with a small garden finds a storage place for that one meal of beans that the family will not eat. The freezer stores her food, preserving the garden fresh flavor and texture. Frozen foods are nearer the equivalent to fresh foods in flavor, appearance, and texture than when preserved in any other way. Foods are easier to prepare for freezing than any other form of preservation.

ion.

The homemaker with the problem of distance to the market finds a freezer her necessary friend. She cuts her cost of transportation shopping time and meal planning time. She buys foods at saving prices and releases her time for her more necessary tasks. She is always prepared for that unexpected guest.

If the man in the house is a hunter or fisherman, your problem of finding someone to give the extra fish or birds to is solved. With the freezer the food may be packaged, frozen, and stored for your own use later.

To get the most from a freezer it must be used intelligently and completely, with the same common sense that enables a good homemaker to feed her family tasty nourishing meals. There are many special problems that can be solved by the use of a home freezer. Good food, variety in menus, and the idea of being able to serve out of season foods at any time

are some of the added advantages found in the ownership of a home freezer.

Our production of hints are both educational and amusing.

REVELL'S "HOUSE OF VALUE"

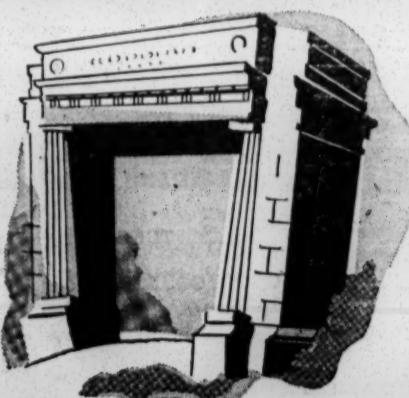

Barnett Makes Daily Worker Apologize

Attorney Ross Barnett smiles with satisfaction as he reads the retraction and apology on the front page of the *Communist Daily Worker*, which was part of the settlement of his libel suit against that newspaper in behalf of the Laurel woman involved in the Willie McGee case. The *Daily Worker*, which made a cash settlement to the woman, agreed to publish the retraction in two separate issues. The retraction said: "On May 9, 1951 and May 28, 1951, the *Daily Worker* made certain charges against Mrs. Troy Hawkins of Laurel, Mississippi, in connection with the trial of one William McGee, who had been convicted of an assault on her. On the basis of subsequent information, we believe that these charges were unjustified and now retract them in order to undo as far as we can the injury they caused." The 1951 stories about the incident cast reflection on the character of Mrs. Hawkins. Mr. Barnett, who went to New York to file the suit, said the settlement "should serve warning to NAACP and Communist sympathizers that we are ready to battle anywhere and anytime to protect the sanctity and honor of Mississippi womanhood." McGee, Laurel negro, was electrocuted for rape after litigation and legal maneuvers which several times postponed the execution date.

IMPORTANT IN MISSISSIPPI!

What is it?

The Arch at Vicksburg National Military Park keeps alive the memory of this important battle. This is the most perfectly preserved of any of the world's major battle fields. Every maneuver in the siege and defense of Vicksburg can be traced in the unchanged terrain of the park.

there's no doubt

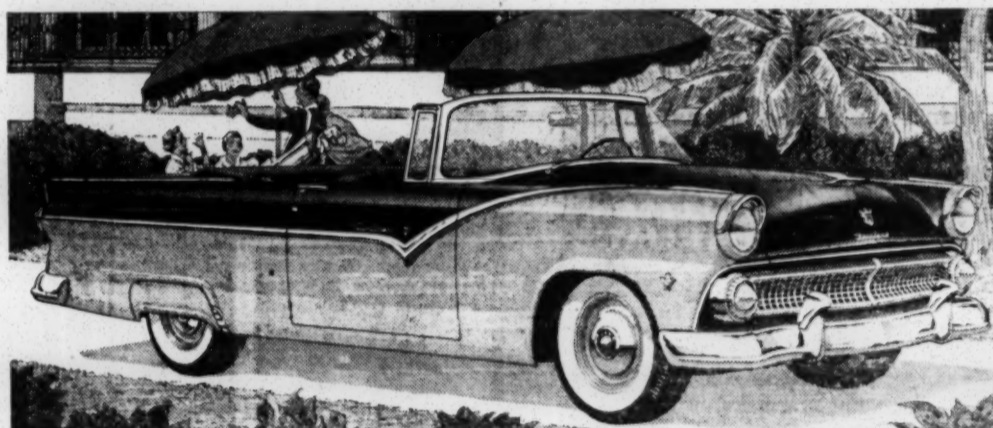

about the importance of the beer industry in Mississippi. Wholesalers and retailers have a \$29 million investment here... employing over 16,295 Mississippians... and the beer industry is the fourth largest taxpayer in the state, paying over \$4 million a year. It is largely through public acceptance of legally regulated beer, as the beverage of moderation, that beer has grown in importance to Mississippi.

of the people. With this in mind I have faithfully devoted full time to your business.

I shall ever continue to answer the call to duty; I shall ever continue to handle the affairs of this office with economy and efficiency; I shall ever continue to prosecute the laws without fear or favor and with fairness and justice to all; I shall ever continue to protect the rights of innocent people just as vigorously as I shall prosecute the guilty.

It has been a time honored Democratic custom to give a faithful official a full endorsement term. This I ask upon my record of service. I am perfectly willing that the issue be decided upon: "Who can best serve you?"

If you will place your vote and support for John E. Aldridge as your District Attorney, you may be assured that you will have a man of cour-

age, strength, integrity, honesty and dependability in this important office the next four years.

Your active interest in my campaign is earnestly solicited and will be greatly appreciated.

Respectfully yours

STATE OF MISSISSIPPI

Grenada County

Be it known that I, W. L. Harris, Jr. Trustee in a certain deed of trust given on the 28th of November, 1933 by Johnnie Clark and Johnnie Clark Jr. to secure a certain indebtedness mentioned in the deed of trust payable to W. L. Harris, and the deed of trust being properly recorded on page 287 of Book 107 in the mortgage records of Grenada County, Mississippi, will, within legal hours, on Monday the 6th day of June 1965, at the front door, being the east door of the Grenada County courthouse in the City of Grenada, Mississippi, proceed to offer for sale and sell to the highest bidder for cash the following described land in Grenada County, Mississippi:

Beginning at the northeast corner of that certain lot of land described

by deed record in land book 83 at page 284 of the records of Grenada County, Mississippi, thence run 170 feet west for a point of beginning; thence run 100 feet west; thence run 125 feet south; thence run 180 feet east; thence run 125 feet north to the point of beginning, said land being situated in the North Half of Section 22, Township 22, Range 3 East, Grenada County, Mississippi.

The title is believed to be good but I sell and convey such title as is vested in me as trustee.

Witness my hand, this the 22nd day of April, 1965.
